

European Restless Legs Syndrome Study Group

Annual Meeting, 29th – 30th November 2013

“Pavillon”, Klinikum Rechts der Isar, Munich, Germany

Agenda

Friday, 29th November 2013

08:30 – 17:00

08:30 – 08:45

Welcome and introduction

Juliane Winkelmann (EURLSSG President), Munich, Germany

PLMS

Chairpersons:

Magdolna Hornyak, Munich, Germany

Olli Polo, Tampere, Finland

08:45 – 09:00

Periodic limb movements are associated with vasomotor symptoms in menopause

Jan Wesström, Falun, Sweden

09:00 – 09:15

Heart rate and EEG changes accompanying leg movements and arousals in patients with spinal cord lesions

Raffaele Ferri, Troina, Italy

09:15 – 09:30

Role of RLS and PLMS in the management of epilepsy patients

Samson Khachatryan, Yerevan, Armenia

09:30 – 09:45

Do periodic arm movements during sleep exist in healthy normals? A prospective polysomnographic study.

David Gabelia, Innsbruck, Austria

Psychopathology/Psychiatry

Chairpersons:

Luigi Ferini-Strambi, Milan, Italy

Heike Benes, Schwerin, Germany

09:45 – 10:00

Nocturnal Eating in Restless Legs Syndrome: A Psychopathological Profile Study

Federica Provini, Bologna, Italy

10:00 – 10:15

Restless Legs Syndrome is associated with depression during and after pregnancy

Jan Wesström, Falun, Sweden

10:15 – 10:45

Coffee break

Other Clinical Aspects

Chairpersons: *Mauro Manconi, Lugano, Switzerland*
Karel Sonka, Prague, Czech Republic

- 10:45 – 11:00 **RLS and pregnancy in the Czech population**
David Kemlink, Prague, Czech Republic
- 11:00 – 11:15 **Serum ferritin levels in Parkinson disease patients with and without RLS. Is there a difference?**
Maria-Lucia Muntean, Kassel, Germany
- 11:15 – 11:30 **RLS in patients with narcolepsy. Relation with the pandemic H1N1 vaccination**
Tomi Sarkanen, Espoo, Finland
- 11:30 – 11:45 **RLS and professional driving**
Markku Partinen, Espoo, Finland
- 11:45 – 12:00 **Characteristics of daytime symptom in Restless Legs Syndrome**
Yuichi Inoue, Tokyo, Japan
- 12:00 – 12:15 **What is the minimal clinical important improvement (MCIC) in the IRLS severity scale under dopaminergic treatment in clinical studies?**
Ralf Kohnen, Nuremberg, Germany
- 12:15 – 12:30 **Intercorrelations between the IRLS and other severity and quality of life scales**
Ralf Kohnen, Nuremberg, Germany
- 12:30 – 13:00 General discussion
- 13:00 – 14:00 Lunch**

Therapy

Chairpersons: *Wolfgang Oertel, Marburg, Germany*
Georgios Hadjigeorgiou, Larissa, Greece

- 14:00 – 14:15 **Generalized and local cryotherapy in Restless Legs Syndrome: A randomized, single-blind, controlled parallel group study**
Svenja Happe, Bremen, Germany
- 14:15 – 14:30 **Treatment of severe RLS with Oxycodon/Naloxon: Results from a multicentre trial**
Claudia Trenkwalder, Kassel, Germany
- 14:30 – 14:45 **Successful Management of Augmentation in Restless Legs Syndrome with Extended Release Dopamine-Agonist**
Mauro Manconi, Lugano, Switzerland
- 14:45 – 15:00 **The effects of a six-month combination of ropinirole and aerobic exercise in uremic patients with Restless Legs Syndrome**
Christoforos Giannaki, Nicosia, Cyprus

Pediatric RLS

Chairpersons: *Ralf Kohnen, Nuremberg, Germany*
Birgit Högl, Innsbruck, Austria

- 15:00 – 15:15 **RLS in children with behavioral disorders**
Sofia Kasradze, Tbilisi, Georgia
- 15:15 – 15:30 **RLS and sleep problem in the 9-year-old boy: A case report**
Lia Maisuradze, Tbilisi, Georgia

15:30 – 16:00 **Coffee break**

Neurobiology/Models

Chairpersons: **Juliane Winkelmann, Munich, Germany**
Claudia Trenkwalder, Kassel, Germany

- 16:00 – 16:15 **An allelic series comprising both low-frequency and rare variants substantiates MEIS1 as a genetic factor in restless legs syndrome**
Eva Schulte, Munich, Germany
- 16:15 – 16:30 **The hyperdopaminergic hypothesis of RLS**
Imad Ghorayeb, Bordeaux, France
- 16:30 – 16:45 **Dopamine D3 receptor knockout mice mimic aging-related changes in hypertension and cardiac fibrosis**
Stefan Clemens, Greenville, NC, USA
- 16:45 – 17:00 **Btd9 mutant mice and RLS**
Kazuhiro Muramatsu, Gunma, Japan
- 17:00 – 17:15 **Peripheral hypoxia in patients with Restless Legs Syndrome**
Aaro Salminen, Tampere, Finland
- 17:15 – 17:30 General discussion

EURLSSG e.V. Business Meeting: (*EURLSSG members only*)

17:30 – 18:30 **General Meeting of the EURLSSG**

19:30 **Dinner at the restaurant**
„Spatenhaus an der Oper“, Residenzstraße 12, 80333 Munich

EURLSSG-Meeting and Workshop are sponsored by:

F. Hoffmann-La Roche Ltd., Mundipharma Research GmbH & Co KG, UCB Pharma S.A.,
Vifor Pharma Deutschland GmbH, XenoPort Inc.
